

SOUTH CAROLINA'S LIFE SCIENCES INDUSTRY SNAPSHOT

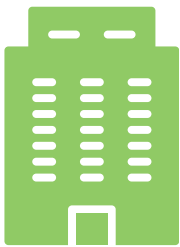

2x faster employment growth
than the Southeastern average.

SC's fastest-growing industry,
with 42% growth since 2017.

Life Science companies
are present in 42 of the 46
SC counties.

1,033 firms across the state, and
an annual economic impact of
\$25.7 billion.

Directly and indirectly
employ over 87,000
SC citizens.

An average wage of \$87,369 – 79%
higher than the average wage in SC.

Life sciences is South Carolina's fastest growing industry – It's medical devices. It's biotech. It's digital health. There are so many companies here, helping us live better lives, looking for their next generation of talent."

—ERIN FORD, EXECUTIVE VICE PRESIDENT AND COO OF SCBIO
